PEGGY'S RESTAURANT

"Where the quisine is superb."

(And the food ain't bad, either)

We thought some of you might be wondering what we were up to, having printed these new menus and all, so we figured we'd best explain before somebody started speculating.

We at Peggy's know how hard it's been for everybody through the past year or so. We haven't had it any better than anybody else. But we feel and hope that 1993 will be a much better year. For you. For us. For the whole country. And in the spirit of that hope, we thought we might face the new year with a...well...heck...

With a new face.

So we've printed these new menus to symbolize our hope that all the hard times of the recent past are behind us, every one, and that all our future endeavors, yours and ours, will bear the ripest fruits of all.

Love,

"Luetta"

*P.S. We were wanting these menus to symbolize a new commitment to quality and service, but some of the employees thought we said "committed" and got pretty nervous. So we had to drop it. Just please keep in mind that, for a little while at least, you probably shouldn't say too much about Broughton Hospital. We'd appreciate it.
(hehehe)*
